Re: Request for Certificate of Correction of Patent (37 CFR § 1.322)
U.S. Patent No. 7,325,009
Issue Date: January 29, 2008
Title: CUSTOMER-CONTROLLED INVENTORY ACCESS
Inventor(s): Michael J. Cleary
Our Ref. No.: 020045-001544

Dear Sir:

The undersigned counsel received a communication from the Certificate of Correction Branch on February 5, 2009 (having a mailing date of December 5, 2008) denying the Registrant's Request for Certification of Correction and requesting more detailed information regarding the specific matching between the claims during prosecution and the final issued claims.

After further review of the claims in U.S. Patent No. 7,325,009 as compared to the allowed claims, Registrant believes that all of the allowed claims are accounted for and does not believe that a Certificate of Correction is required. Accordingly, Registrant respectfully withdraws its previous Request for Certificate of Correct. Registrant no longer believes that any clerical or typographical errors appear in the patent as issued.

Please feel free to contact the undersigned counsel if there are any other issues to be resolved.

Sincerely yours,

Troy J. Cole, Reg. No. 35102
